## interactive classroom

### Looking for a high tech white/black board?

Here MediaOnline Solutions offer you an interactive classroom interactive. Be it primary school or a tertiary institution, you will need this product. With our all-in-one product we are offering you a hassle free way to teach. Tired of writing all the time on the board? Tired of preparing classroom materials on transparency? Or simply frustrated with the projector that often breaks down?

With our all-in-one product, you can:

- Prepare your material on a computer and bring it around in a thumbdrive
- Emphasize important points with our touchscreen free hand drawing software
- No more lugging a laptop around campus (decreased possibility of being stolen/misplaced)
- Students presentation? No need to wait! Just plug in and do it straightaway
- No need to refill the white board marker
- No need to erase with a duster anymore

**And the list goes on!**

**We offer you hassle-free and convenient, less frustration in an already stressful job.**
