student unions

Effectively communicate information to your students and guests in your student union with an eye-catching digital signage solution from Four Winds Interactive! Create awareness about student groups and upcoming events, promote building restaurants and cafeterias, alert students with emergency messaging.

Four Winds Interactive offers a full-service Interactive Digital Signage (iDS) software platform that turns LCD and Plasma displays into a flexible, reliable, easy to use digital signage network. Blend rich multi-media, web, and live data content types to create visually stimulating, dynamic, and compelling digital signs. Designed with our customers in mind, iDS is a complete solution empowering our customers to manage the complete workflow of a digital display network including design, scheduling, deployment, playback, reporting, and system monitoring.

features:

- Drag & drop user interface
- Live data integration
- Multi-user security
- Broad content support
- No proprietary hardware required
- Touch screen support
- Ad tracking and billing
- Live TV
- Certified integration with Dean Evans EMS
